BOXFORD & DISTRICT BOWLS CLUB

From Roz Mortlock

The green was officially opened by our President, George Bullett, on Sunday 27th April and the weather was perfect.

We are all now practising very hard and for some of us this also means building up our muscles to get the bowls up to the jack!!! Not as easy as it sounds as the green is much heavier than the indoor rinks that so many of us have gotten used to over the winter. But it's going really well - and we have had some good results to our matches already.

In particular our Federation Team, who won the North Essex Durham Centenary Trophy last year, which put them through to the National competition this year. And so the team played the first Round of this competition the other weekend against the winners of the Norfolk area last year - Acle St. Edmund. It was a close match with the final score being 88 to Boxford, 79 to Acle. Well done to everyone who played - the team are now through to the next round.

If you would like to see what Bowls is really all about and have a go yourself, then don't forget to contact Barry (01787 370225) or Steve Mansell (01787 211153). They will arrange for you to come to the Club so you can find out more. We would love to see you.

A CONSTABLE CONNECTION FOR ASSINGTON?

From Bob Cowlin

When Anne and I moved to Assington Mill 21 years ago, we knew little about its history. Obviously because of the name we assumed there must have been a mill here at some time, but there was no wheel and no sign of any machinery. Being down in the valley it was probably water rather than wind powered. The lake looked like a millpond although the stream wasn't connected to it.

But there was one early record that intrigued us. It was a marriage settlement (a legal agreement to protect the future use of a dowry) between John Gurdon of Assington Hall and Leticia Cooke his wife in 1694. It said:

And all that mill with the houses and buildings, lands, meadows and pastures thereto belonging or therewith used occupied or enjoyed situate lying and being in Assington aforesaid. Containing together by estimate six and fifty acres late in the occupation of John Whitmore and now in the use possession or occupation of John Constable and under the yearly rent of thirty pounds.

Now John Constable the painter we all know, lived much later (1776-1837). Could the marriage settlement refer to his grandfather or great grandfather?

I have not been able to find the Constable family tree, but it is well recorded the painter came from a milling family. The painter's father, Golding Constable owned Flatford Mill which he had inherited from his uncle, Abram Constable in 1764. Golding also owned Dedham watermill and a windmill in East Bergholt, as well as operating barges and ships to transport grain and flour down the Stour Navigation to Mistley and London. Furthermore in a recent book 'Constable a Portrait', the author James Hamilton states the painter's grandfather owned land and 'farmed two miles north of Bures St Mary'. Now we are about 3 miles north-east of Bures so could this refer to Mill Farm Assington? I would like to think so but that's conjecture.

So does anyone have a family tree for John Constable the painter or know of any other references?

On looking up Assington in the Domesday Book, it does record a mill in the manor, and I like to think it was at Mill Farm where we are but we have no proof of that. Except it must refer to a watermill because there were no windmills in 1086 in England and therefore it must have been located on the Assington Brook as we are.

We visited the Suffolk Record Office to see what they had on the farm and mill's past history. There was not much to see. Like most of the rest of Assington, the farm had been owned by the Gurdon family for centuries but had been let out. At some time in the 19th or early 20th centuries it had been sold off, but we couldn't find details of that or when it stopped milling.

PARISH CHURCH NEWS

<https://www.assingtonchurch.org.uk/>

Letter from Andrew Clift, Reader in the Benefice of Bures with Assington and Little Cornard

Dear Friends,

The month of June heralds the beginning of summer. The thoughts of Barbeques and the long light-filled evenings, that we take for granted, come to mind. However for the church, June brings the Christian feast of Pentecost.

The word "Pentecost" comes from the ancient Greek and literally means fifty days. It is significant because fifty days after Jesus was crucified in Jerusalem, something amazing happened to Jesus' followers.

St Luke tells us, in the book of Acts that; "When the day of Pentecost came, they were all together in one place. Suddenly a sound like the blowing of a violent wind came from heaven and filled the whole house where they were sitting. They saw what seemed to be tongues of fire that separated and came to rest on each of them. All of them were filled with the Holy spirit and began to speak in other languages as the Spirit enabled them."

This was quite handy really because on that day the population of Jerusalem had swollen to nearly a million people as a result of Jewish pilgrims coming from all over the Roman Empire and all speaking different languages, to celebrate their Feast of Weeks. There were Parthians, Medes, Elamites and countless others who suddenly heard Jesus' followers going amongst them and preaching the good news of Jesus in a language which they could understand.

Maybe language and understanding it is the problem for when the church attempts to communicate the good news. Words like Pentecost, Holy Spirit and speaking in tongues can seem off-putting, when they don't need to be. All those who believe in Jesus and seek the delight that faith in him brings, will receive the gift of the Holy Spirit. It doesn't necessarily mean you will become fluent in French or German or play the piano brilliantly, but you will be given something that God sees is best for you and allow you to flourish.

Go on, give it a go.

Every blessing

Andrew Clift

ASSINGTON CHURCHYARD

Our Churchyard is a Designated County Wildlife Site, as it has an enviable selection and number of wild flowers and plants. With this in mind, we have a specific mowing programme and do not mow all the areas of the site until the Spring flowers have bloomed, and thereafter the churchyard is mown sensitively to this criteria, with one main cut to all areas in the Autumn.
